Dear Editor:

The Workmen's Circle condemns President Trump's decision to declare Jerusalem as the capital of Israel. This action, ill-conceived and very dangerous, will set the peace process, already in jeopardy, back for years if not serve as a bitter ending to an already tenuous situation. We affirm our long-held position that peace in Israel must be part of a negotiated two-state solution, along with mutual protections for both Israel and Palestine. Jerusalem's status must be determined by negotiation and agreement between Israelis and Palestinians, not an imprudent declaration by the United States.
