Jewish culture for a just world

The Workers Circle was founded in 1900 by Jewish immigrants from Eastern Europe as a national mutual aid society that supported tens of thousands of families, drawing on deeply-held Jewish ideals of community and social justice. In 1950, the **Workmen's Circle MultiCare Center** was created to serve the organization's members and the larger community.

Today, everything we do is driven by two powerful and connected values: the celebration of our culture and the pursuit of social and economic justice. Through cultural programs, food festivals, education, social justice initiatives, holiday celebrations, our summer camp and more, we connect thousands of adults, children, and families with their Jewish heritage and work to build a better and more beautiful world for all.
